

Omer Bozcu

London, UK | omrbozcu@gmail.com

Professional profile

Second-year BSc (Hons) Cyber Security student at Teesside University London, developing skills in threat detection, incident response and vulnerability assessment. Practical learning through Cyblu training exercises, supported by workplace experience in accurate logging, confidential administration and customer service. Interested in junior SOC, placement and part-time opportunities.

Education and professional development

BSc (Hons) Cyber Security | Teesside University London | 2025-present

Currently in Year 2, academic year 2026-27.

CompTIA Security+ credential | Cyblu Cyber Security Course

View award details on Credly. Training covered security fundamentals and simulated practical activities.

West Hatch High School

Sixth Form 2023-2025 | Secondary education 2018-2023.

Technical knowledge and practical learning

Entry-level familiarity with CrowdStrike, Kali Linux and TheHive; knowledge of SIEM concepts, network security, digital forensics and security reporting. Training activities included simulated forensic investigations, mock security assessments, monitoring exercises and security policy development. These activities were training roles, not professional job appointments.

Work experience

Data Management & Logging Assistant | Sofos, Istanbul

Maintained booking logs and operational records; organised data and helped resolve discrepancies.

Administration / General Assistant | Strand Legal Consultancy Ltd

Supported filing, correspondence and office records; handled sensitive information professionally.

Sales Assistant | The Green Basket Organic Store

Delivered customer service; supported stock, till operations and store presentation.

Transferable skills and activities

Microsoft Word, Excel and Outlook; accurate record keeping, communication and teamwork. English fluent; Turkish native. Duke of Edinburgh Bronze Award (2022); Urban Table volunteering at The Round Chapel, Clapton; KG12 Basketball Academy certificates (2021-2024).
